WELCOME! to your EM™ email marketing program by 

SALES PITCH

How many times have you thought, “I should email that past client of mine and see if they want to buy or sell.”
Maybe that past, present or potential future client is looking to buy or sell, or they know someone looking.
The old... “I will email them tomorrow”... and before you know it tomorrow has come and gone... Well not anymore.

Once a month we will manage your email lists to deliver the results you want.

WHAT WE DO

1. We manage your client list in a Database EM™ Program specifically for you.
2. Once a month we send out your personal ad automatically in an invitation email friendly protocol via all programming languages - from PHP, .Net, Perl, to Ruby on Rails and more.
3. Your EM™ Program comes with a Subscribe button, unsubscribe or send to a friend. This way you build your client list without even knowing it!
4. Of course if they do not want the email they have the option to unsubscribe. We want to be polite.
5. After the initial setup, there is no more for you to do on your part! After a year we will request a updated list automatically.

Cost : The cost is \$20 per month per individual which includes one automatic email blast (up to 9,999 email addresses*). Any special email blast will be an additional \$20. This requires a year commitment. Please call for corporate rates. EM™ Program bills automatically first of each quarter.
